

Come Back to Me

Plain White T's

Everything you say or do, I am always there for you
Whether you're laughing or you're screaming
No one else could take your place, I will always see your face
When I'm awake and when I am dreaming 'Cause I believe there's a place for you
And me in this crazy world If you come running back to me I'll be here waiting
'Cause I still believe that I'm not worth saving
If you could see the sad look on my face
You'd be in your car headed back to my place Come back to me, I'll be here waiting
'Cause I'm on my knees and my life's not fading
If you could see the sad look on my face
You'd be in your car headed back to my place I can't stand to watch you go 'cause in my head deep down I know
I don't wanna live without you
I love the way we stay up late, the way you laugh at your mistakes
I love everything about you 'Cause I believe there's a place for you
And me in this crazy world If you'd come running back to me I'll be here waiting
'Cause I still believe that I'm not worth saving
If you could see the sad look on my face
You'd be in your car headed back to my place Come back to me, I'll be here waiting
'Cause I'm on my knees and my life's not fading
If you could see the sad look on my face
You'd be in your car headed back to my place No, don't wanna let you to go
Can't move on my heart, and my arms, and my bed girl
Quit messing with my head
Say that you're coming back to stay right here with me If you'd come running back to me I'll be here waiting
'Cause I still believe that I'm not worth saving
If you could see the sad look on my face
You'd be in your car headed back to my place Come back to me, I'll be here waiting
'Cause I'm on my knees and my life's not fading
If you could see the sad look on my face
You'd be in your car headed back to my place Come back to me, I still believe
If you could see the sad look on my face
You'd be in your car headed back to my place Come back to me, I'm on my knees
If you could see the sad look on my face
You'd be in your car headed back to my place
