

Maybe I'm Wrong

Blues Traveler

I want to show you that anything is possible
I want to show you that your wildest dreams can come true
And I swear someday I'm gonna figure out how to do just that
But until then, I guess trying is all I can do[Chorus:]
Maybe I'm wrong thinking you want something better
Maybe I'm wrong thinking you got no problem making it through the night
Maybe I'm wrong about every little thing I'm talking about
Maybe I'm wrong, but just maybe, maybe I'm right
No, it's none of my business, but I think I can make you
happy
But it really doesn't matter if it's me or it's someone else
All that I know is that I think you're kinda special
And one way or another gonna see that I can treat you well[Chorus] You seem to think that Lady Luck just
doesn't like you
Well, I've been trying to believe that the Lady just ain't that dumb
Oh, just give her time to get here
And I'm sure that when she gets here
She'll be really glad to be here when she comes[Chorus x 2]
