I Pity the Fool

Ann Peebles

I pity the fool
Woo, I pity the fool
Yeah, I pity the fool
Yeah, I pity the foolThat falls in love with you
And expects you to be true
Oh, I pity that foolLook at the people
I know you wonder what they're doing
They're just standing there
Watching you make a fool of meLook at the people
I know you wonder what they're doing
They're just standing there
Watching you make a fool of meOh, I pity the fool
Yeah, I pity the fool
Hey, I pity the fool
I pity the fool that falls in love with youHe'll break your heart one day
And he'll laugh and go on his way
That's why I pity that foolLook at the people
I know you wonder what they're doing
They're just standing there
Watching you make a fool of meLook at the people
I know you wonder what they're doing
They're just standing there
Watching you make a fool of meI say I pity the fool
I pity the fool
I pity the fool that gives her heart to youHe'll take your love away
And he'll find another fool to play
That's why I pity that fool?
?
Look at the people
I know you wonder what they're doing
They're wondering
