Shrug

The Trews

Here's to the kid that never gets picked on in school
Here's to the 'Oh my god I can't believe he said that he's so uncool'
Here's to that band that likes to dress up more than sing
Here's to the 'Oh my god I can't believe she's wearing your ring'She goes higher, higher, higher...I'm in the middle trying to shug it off (+4)Tread on me, lead on me, try to shug it off (+4)She's big enough for the both of us but she'll never admit it
Can't tear her away from my heart for even a minute
Here's to the kid we trusted we could take for a fool
Here's to the 'Oh my god I can't believe he shot up the whole school'She goes higher, higher, higher...I'm in the middle trying to shrug it off (+4)Tread on me, lead on me, try to shug it off (+4)Higher, higher, higher...Higher, higher, higher...I'm in the middle trying to shrug it off (+4)Tread on me, lead on me, try to shug it off (+4)
