The Jet Set

Joe Jackson

Hey pal
Can I take your picture for the people back home
They won't believe it when they see this stuff
You see the camera that I got in Hong Kong
Completely duty freeThis really is a pretty scene
Could you ask your kid to smile please
Sorry what exactly do you mean
Can you say it in English
'Cause we're theJet set, get out of our way
And don't be messin' with the
Jet set, get out of our way
We got a lot of things to seeLet's get a Big Mac
Get it while the dollar's worth a thousand yen
It's quite a bargain here next year
We'll save some money and we'll hire Big en
For our anniversaryThis really is a pretty scene
But I'm happy I don't live here
Hey what's the matter with the waiter's face
Can you say it in English
'Cause we're theJet set, get out of our way
And don't be messin' with the
Jet set, get out of our way
We got a lot of things to see
