Creep Inn

Ideal

Where's the number
I need to call her
Here it is
Hope she there
She gotta be there
Come on, pick up the phoneHello
Hello, whassup baby
Who is this
You know who this is
Hey there, how you doin', how you been
Been a couple of weeks since I talked to you
Sorry that it's taken me so long
To reach out to you
But I'm wondering maybe, possibly, say it again
Maybe could we get together this weekend
I still remember the way you felt
The way you smelled and the sexy way you wore your hair
Girl, can you tell me are you available
'Cause if you don't mind, I wanna book you a flightMeet me at the creep inn
We can spend the weekend
I got what you're seeking
We could start creepin'
Just jump in your ride girl
I'll be there on timeMeet me at the creep inn
We can spend the weekend
I got what you're seeking
We could start creepin'
Just jump in your ride girl
I'll be there on time, babyI remember every detail about that night
Just you and I, bumpin' in a suite back in July
And I remember at first you were afraid to try
Every little itty bitty thing that was on your mind
Now I got some new details that we'll share
I hope you care enough for me to go there
Interesting detail, that of you and I
Locked in a room by candle light
You're flight lands at nine
Let's go for aMeet me at the creep inn
We can spend the weekend

I got what you're seeking
We could start creepin'
Just jump in your ride girl
I'll be there on timeMeet me at the creep inn
We can spend the weekend
I got what you're seeking
We could start creepin'
Just jump in your ride girl
I'll be there on time, babyCome on
I've been waiting too much to get with you
Oh, and now that I got you
I'll do you right
You put the sign outside the door
We ain't taking no phone calls
You're mineMeet me at the creep inn
We can spend the weekend
I got what you're seeking
We could start creepin'
Just jump in your ride girl
I'll be there on timeMeet me at the creep inn
We can spend the weekend
I got what you're seeking
We could start creepin'
Just jump in your ride girl
I'll be there on time, baby
