Worth the Wait

Nosoyo

Worth the wait

Iâ€™m on my way
I need you to be burning
I need you on fire

One rainy day
Should not kill
All desire

Name all you want
Just say it out loud
Just tell me now

We need to find a way
To fix the holes
When things go wrong

So why keep dragging out
Till weâ€™ve lost every trace

Once Iâ€™d have my way
I would make it worth the wait
Wouldnâ€™t I

Lost your hope long before
Between the choices
Between ten thousand steps

You think you know for sure
That this is over
But weâ€™re not done yet

So why keep dragging out
Till weâ€™ve lost
Every trace
Is this our game

Once Iâ€™d have my way
I would make it worth the wait

Wouldnâ€™t I
Wouldnâ€™t I

Footsteps heading north
Photographs taken down the bedroom wall
Youâ€™ve deceived me well
All of these years and nothingâ€™s ever changed

Once Iâ€™d have my way
I would make it worth the wait
Wouldnâ€™t I
Once Iâ€™d have my way
I would make it worth the wait
Wouldnâ€™t I
Wouldnâ€™t I
