

Deliverance

Jeremy Thurber

Hey yeah yeah
Yeah
Hey yeah yeah
When water runs dry
But love runs deep
Who will you call?
Where will you be?
When silence falls
Like an enemy again
Your skin gets hard
& your heart gets cold
But you know fortune favors the bold
Gonna need, Gonna need a friend

So call on me
We will battle the night together
Count on me
We will fly ____ forever
Call on me, call on me
So call on me, call on me
Call on me
You'll never be alone again
Call on me
I'll be you deliverance
Deliverance

When the cannonballs fly
and the truth still hurts
I will show you the way to your
Cuz everyone's blind out there
You see
Like the wild grass grows and
the tree tops know
Only fortune favors the bold
So follow your heart __ away to see

So call on me
We will battle the night together
So count on me

We will fly and the ___ forever
Call on me, Call on me
So call on me, call on me
Count on me
You'll never be alone again
I'll be your deliverance
Deliverance

Skin gets hard
And hearts get cold
You know fortune favors the bold.
