Vitamin C (U.N.K.L.E. Mix)

Can

Her daddy got a big aeroplane
Her mommy holds all the family cash
A beautiful blows, I stay at the corner
She is living in and out of tune
Hey you
you're losing, you're losing, you're losing, you're losing your vitamin C
Hey you
you're losing, you're losing, you're losing, you're losing your vitamin C
Your vitamin C
And at Christmas, riding on her pony
Or she is stepping on the pigman's head
A beautiful blows, I stay at the corner
She is living in and out of tune
Hey you
You're losing, you're losing, you're losing, you're losing your vitamin C
Hey you
You're losing, you're losing, you're losing, you're losing your vitamin C
Your vitamin C
Hey you
you're losing, you're losing, you're losing, you're losing your vitamin C
Hey you
You're losing, you're losing, you're losing, you're losing your vitamin C
