Dominator

The Roxx

I am the dominator leader of the pack
Two tons of steel that's hanging from my sack
I take the cake and then I take it back and attack
Yeah because you lack, Jack
I am the dominator moving right along
Don't really give a fuck about the right or wrong
You only copy right, I write the song
It's a world full of jealousy and hate

That's why some die and all the others turn out late
But I eviscerate those who hesitate
Second rate they masturbate while I run the master race
I am the dominator got to be the best
I've got an "S" tattooed upon my chest
You can not touch me I'm Elliot Ness
Oh yes you must confess this
I am the dominator
