Cry for Mother

Suicide Commando

Mother,
What have I done ?
Just killed the one I loved
Mother,
These hands, this gun
After all the love has goneNo restraint,
Just pain, remove this cancer
No remorse,
Just die, revolt in angerMotherMother
This must be hell
The blood recalls the smell
Mother
This can't be true
After all I did for youNo restraint,
Just pain, remove this cancer
No remorse,
Just die, revolt in angerMotherYou didn't want me
You didn't need me
You didn't love me
You did abuse meMother
Cry for mother
