The Rack

Asphyx

In the dungeon
Deep under ground
A morbid fear
Palpitations, unbearable pound
Footstep outside the stairway
Executioners's arrival
A sinister procession
Grim macabre tribunal
Heretical pervert
Inexorable judge
The sentence is death
By the grace of the church
Inside the torture chamber
The smell of blood and pain
Iron is glowing in pits of fire
Instruments of the insane
The Rack: Altar of blood
The Rack: Altar of pain
Suffocate in blood
Bones pulverized
Mutilated tissue
Eviseration
Sawed off limbs
Emasculation
Human leftovers
A smouldering mess
Atrocious performance
Methods of madness
Inside the torture chamber
Instruments covered with stains
The rack has taken his victim
Beyond the boundaries of pain
