

I'm Gonna Leave You

The Crowdaddys

I'm gonna leave you yes I'm gonna
I'm gonna leave you 'cos I wanna
And I'll go where people love me
And I'll stay there 'cos they love me No more headaches, no more heartbreaks
I'm gonna leave you where I met you
I'm gonna leave you with your money
I want somebody to call me honey I don't want gold rings
I wanna hear sweet things
I need affection and not protection
When you're teasing, you should be squeezing I'm gonna leave you where I met you
Yes I'm pulled up with your person
And I'm pulled up with your person
And I waited getting frustrated I'm old fashioned, I want my passion
So I'm leaving though I'm grieving
I'm gonna leave you where I met you I'm gonna leave you
When you're teasing, you should be squeezing
I'm gonna leave you I'm gonna leave you 'cos I'm gonna
Yes I'm gonna leave you 'cos I wanna
And I'll go where people love me
And I'll stay there 'cos they love me No more headaches, no more heartbreaks
I'm gonna leave you where I met you
I'm gonna leave you with your money
I want somebody to call me honey I don't want gold rings
I wanna hear sweet things
I need affection, not protection
When you're teasing you should be squeezing I'm gonna leave you where I met you
Yes I'm pulled up with your person
And I'm pulled up with your person
And I waited getting frustrated I'm old fashioned I need my passion
So I'm leaving though I'm grieving
I'm gonna leave you where I met you
