

Wish On Me

[Lisa Stansfield](#)

Now it's time to say goodbye
But I'll always be there in your mind
We've had our time, so let's not cry
Wherever you wonder, never wonder why
And I hope that sometimes you'll look back and smile
Wish on me
And I will be the best that I can be
And I'll wish on you
And all the very best that you can do
If they never come
If they never come
If they never come
If they never come
Wish on me
Let me look at your face, so I can remember its grace
Hold me close, hold me tight
Never forget all the love we made
And no matter how far, you're here in my heart
So wish on me
And I will be the best that I can be
And I'll wish on you
And all the very best that you can do
If they never come
If they never come
If they never come
If they never come
Never give up on the thought of me
Never let go of your hopes and dreams
I'm with you every step you take
So hold on for God's sake
Remember me when all your hope is gone
I'll give you reason to carry on
Maybe my hand won't be there to hold
But you'll never feel the cold
If you wish on me
If they never come
If they never come
If they never come
If they never come

Wish on me
And I will be the best that I can be
And I'll wish on you
And all the very best that you can do
If they never come
If they never come
Wish on me
