Gypsy Queen

Kristin Diable

Dance on Gypsy Queen
If it's all night, it's alright
Rave on let your love come tumblin' down
If you let your love come tumblin' down i's alright
Dance on
(You know it's alright)
Gypsy Queen
Dance on
(You know it's alright)
Gypsy Queen
Rave on, right beneath the silver moon
Don't stop your carburetor let your car run
And if it starts to rain keep on dancin' in the rain
If it's all night, it's alright
Dance on
(You know it's alright)
Gypsy Queen
Dance on
(You know it's alright)
Gypsy Queen
Oh la la la
Dance, dance, dance the night away
Oh la la la
Come on, come on, come on
Let me hear you say
You're gonna dance on Gypsy Queen
Stars shine down on you, yeah, everything alright
I wanna throw my arms around you
I'm so glad I've found you Gypsy Queen
Dance on
(You know it's alright)
Gypsy Queen
Dance on
(You know it's alright)
Gypsy Queen
Everything dance on
(You know it's alright)
Everything is alright
Dance on everything is alright

(You know it's alright)
Keep on dancin' dance on all night
(You know it's alright)
All night
