

# Soul Shaker

## Doyle Bramhall II & Smokestack

Soul Shaker, you've got a hold on me  
Turn me on, don't turn your heat up now  
Day dreamer, everything at my feet  
Dream maker now, your love is everywhere  
Shake it up, you really do it to me  
Shake it up, you've got me in a swing  
Shake it up like birds of a feather  
Shake it up where my words don't really matter  
Touch me baby, you're an electric vibe  
So beautiful now let me stand in your light  
Shake me up got that kind of feel right  
Caress me baby, give me some of that feel right  
Shake it up, you really do it to me  
Shake it up, you've got me in a swing  
Shake it up like birds of a feather  
Shake it up where my words don't really matter  
Shake it up, shake it up  
Shake it up, shake it up, no, no  
Shake it up
