

Let's Pretend It Didn't Happen

Mike & The Mechanics

Supposin' we said, it didn't happen
Didn't happen at all, didn't happen at all
Empty and gone
There is nothing left within
One penny in a tin
Makes all the noise
You don't understand
Nothing stays the same
Situations change and it's all different now
I've made my choice
Let's just pretend it didn't happen
Supposin' we said, it didn't come down that way at all
Let's just pretend it didn't happen
Didn't happen at all, didn't happen at all
I thought at the time
When you cut me to the core
It hurt and made me sore
In time it would mend
It hasn't, you see
I forgive but can't forget
I tried so hard and yet, I'm afraid it's the end
We can never be friends
Let's just pretend it didn't happen
Supposin' we said, it didn't come down that way at all
Let's just pretend it didn't happen
Didn't happen at all, didn't happen at all
Does it matter at all?
No going back
And we can't undo the past
Oh , you know it's built to last
It outlives you and I
I'm trying, trying to say
In this time and in this place
Here and now, and face to face
With a tear eye to eye, it's goodbye
Let's just pretend it didn't happen
Supposin' we said, oh, it didn't come down that way at all
Let's just pretend it didn't happen
Didn't happen at all, didn't happen at all
Oh, let's just pretend it didn't happen
Supposin' we said, it didn't come down that way at all
Let's just pretend it didn't happen
Didn't happen at all, didn't happen at all
