

Ocean Bizarre

Masterboy

Every boy, every girl, comes to the Ocean Bizarre
Give me your emotion, Ocean Bizarre
Everyone in this world come to the Ocean Bizarre
Give me your devotion, Ocean Bizarre
Got to keep on moving, got to keep on moving
Got to keep on moving, got to keep on moving to the Ocean
Got to keep on moving, got to keep on moving
Got to keep on moving, got to keep on moving to the Ocean Bizarre
Ding digi dong don't take me wrong
United we just can be strong
Divided we are going down
Lift me up and turn around
This is what I want to be
Something deep inside of me
Feelings that I seem to hide
Peace and love will start tonight
From New York to LA
Paris, Rio, all the way
'Cos everyone from near and far
Is looking for Ocean Bizarre
War and pain have come to far
You'll find love in the Ocean Bizarre
