Mud On My Shoes

Thea Gilmore

I've got mud on my shoes
I've got a hole in my head
I've got mud on my shoes
I've got a hole in my head
It is high fashion
It is highly suspectWe're one groove short of a record
Oh we're forty four
Yeah, we're one groove short of a record
Oh we're forty four
And we've got more substance
Than a chemist storeOh I don't really care what you think about me
I've got better things to do than disagreeI spilled wine over your blue-prints
I lost your grand designs
I spilled wine over your blue-prints
I lost your grand designs
I'm gonna head straight down to nowhere
You know its gonna save some time
