

# Another Song About T.V.

MxPx

Another song on how much T.V. sucks  
Washes your brain of intelligence  
You sit around all night and day  
Was life really meant to be this way? T.V. sucks  
T.V. sucks Watching your life go down the tube  
And you wonder why every day's a re-run  
Nothing different happens, nothing new  
Your life's a show and the show is over T.V. sucks  
T.V. sucks A waste of time of the created mind  
Star Trek's been airing far too long  
Can you sleep at night without sight and sound?  
What ever happened to reality? T.V. sucks  
T.V. sucks  
T.V. sucks  
T.V. sucks T.V. sucks  
T.V. sucks  
T.V. sucks  
T.V. sucks
