I Don't Get Down Like That

Play

Oh, yeah
Na na na na
Na, yeah
I know the story and I read the book
I knew the game with just one look
What you're all about
There could be no doubt
You know I got someone
It's plain to see
But even still you try to talk to me
Like you didn't know
Boy, it's time to go
I told you the scenario
I made it crystal clear
Spelled it out from A to Z
Which part of no don't you hear?
I told you I'm already taken
And that's a move I won't be making
I made a vow, I'll never break it
It's a matter of fact
That I don't get down like that
Know I got a one and only
You don't really even know me
But everyday you try to phone me
And I never call back
'Cause I don't get down like that
Ooh, yeah
At the movies with my girls and me
You made a move, thought I didn't see
Then you looked surprised
Don't you ever try
You tried to call and you paged me too
I think I'm getting kinda tired of you
And the same old line
Do you think I'm blind?
You don't know what I'm all about
But boy, you'd best believe
I don't play and I never stray
'Cause that's not my way to deceive

I told you I'm already taken
And that's a move I won't be making
I made a vow, I'll never break it
It's a matter of fact
That I don't get down like that
Know I got a one and only
You don't really even know me
But everyday you try to phone me
And I never call back
'Cause I don't get down like that, yeah
What you're all about
There could be no doubt
Yeah, yeah
You say it will be alright
It's just between me and you
But creeping 'round on the low-low
Is one thing I'll never do
Am I getting through?
Don't wanna play all the games you play
You make me laugh with the things you say
Don't waste your time, you should walk away
Save it for another fool, another day
I told you I'm already taken
And that's a move I won't be making
I made a vow, I'll never break it
It's a matter of fact
That I don't get down like that
Know I got a one and only
You don't really even know me
But everyday you try to phone me
And I never call back
'Cause I don't get down like that
Don't wanna play all the games you play
You make me laugh with the things you say
Don't waste your time, you should walk away
Save it for another fool, another day
You know I got a one and only
And you don't really even know me
But everyday you try to phone me
And I never call back
'Cause I don't get down like that
