Add It Up

This Club

Oh, Oh, Oh, Oh, Oh, Oh, Add it up,
You Gotta Oh, Oh, Oh, Oh, Oh-Add it up, Add it up,
You gotta add it up, You gotta add ittt up,
Sitting on the corner trying to add it up,
Waiting for the day to pass still haven't stopped,
Trying to find the square root over the U,
Cos I just can't do this less I carry the truth,
We've sat at this table ten times before,
Drinking wine and multiplying on the floor
All the while you sit and smile without a care-eh-are, Woah-oh oh oh,
But the time will come when we'll both be scared,So you better add it up, (Oh, Oh...)
Yeah you better add ittttt up,
You better add it up,
You better add itttt up,(Ohhh ohh oh) woo hoohoo,
(Ohhh ohh oh) wooI can divide my life between work and play,
Take away the job that's the only way,
Hear comes scream hands thrown up in the air,
Happy and you together increasing the rare, woah-oh oh oh
Everything we shared we never added it up,
All the children weird we never gave them much luck,
Can't believe that time has gone we never l loved-oh-oved, woah-oh oh oh,
But we never got much help from god above,So you better add it up, (Oh, Oh...)
Yeah you better add ittttt up,
You better add it up,
You better add itttt up,Hanging around, cause the life that you lead is no good just hanging around,
Letting you down, all the things that I shouldn't of said are getting you down,
Well they're getting you down,Woo ooh hoo,
WoooAdd it up,
You better add ittt up,
You better add it up (Oh, Oh...),
You better add ittt up, Woah-oh oh oh
Add it up,
You better add ittt up, Woah-oh oh oh
Add it up, Yeah yeah yeah,
You better add ittt up,
