I'll Keep Waiting

S Club 7

It's been a long time girl, but I'll keep on waitingI'll keep waiting till that day
When you come back on home to me
Life's too short to live without you
Where you are is where I wanna beHey girl, it's just a matter of time
Before you come on home and I get what's mine
'Cos you know that you're still my lady
And your love is gonna drive me crazyTo think you're gone just makes me wanna choke
You can't fix what you know ain't broke
But, I guess that I'll just keep waiting
Even though inside my heart is breakingWhat you waiting for?
What you waiting for girl?
Show me love like ya did beforeI'll keep waiting till that day
When you come back on home to me
Life's too short to live without you
Where you are is where I wanna beAll this love's too much to understand
Must be a part of a master plan
But, I wish that it was just that easy
'Cos I miss the way you touch and tease meDamn it girl, why can't you see?
It's not over for you and me
One day, you'll see that you were wrong
Then you will realize it was true love all alongDry these tears of rain
Dry these tears of rain
Say you'll show me love againI'll keep waiting till that day
When you come back on home to me
Life's too short to live without you
Where you are is where I wanna beWhat can I say to change your mind
Thinking about you all the time
Don't keep me holding on
(Oh girl!)
Come back where you belongI'll keep waiting till that day
When you come back on home to me
Life's too short to live without you
Where you are is where I wanna beI'll keep waiting till that day
When you come back on home to me
Life's too short to live without you
Where you are is where I wanna be
(C'mon girl, come back to me)
I'll keep waiting till that day
When you come back on home to me

Life's too short to live
