

Reward

Basia

Father I didn't really know you
Mother you are so very far away from me
Hopeless birthdays made me cry
My heart kept saying: It's all right
Obviously that's the way it was meant to be Now I know
There was a reason for it all
And I am not lonely anymore
I got my reward
That's why I am loved I have you
A lover and a friend
You are everything I need
You are the sun the air I breathe
Without you, life wouldn't be the same
Please never go away
And if you go then don't forget to take me with you The love that I gave was used against me
Honesty seemed a foreign and old-fashioned word
Maybe I just don't understand
Cause I'm a stranger in this land
Even friends failed to make me feel at home Now I know
There was a reason for it all Jestes moja nagroda
You are my reward
