With Every Heartbeat

Five Star

Every beat
Tonights the night
For you and I
With every heartbeat
Oh oh oh oh ohTonight I think about you
The feelings here in my heart
Tonight I wanna hold you
And dont know how to start it babyI can see the look in your eyes
And I dont want to change your mind
I can feel the passion, whenever youre near
And nothing can change the way I feel about youEvery beat
With every beat of my heart
Every heartbeat
(I love you the way you love me)
Oh oh every beat
With every beat of my heart
Every heartbeatTogether we can make it, ah uh uh
I wanna know if youre willing to try
(I) I can show you passion
Just give love a chance, I want this romanceNo matter what you do
(Dont hesitate) dont hesitate
I know theres a chance
So lets keep holding on
I need you close to me
With you I wanna be
Cause nothing can change the way I feel about youEvery beat
With every beat of my heart
Every heartbeat
(I love you the way you love me)
Every beat of my heart
Every heartbeatOh boy
You bring me sunshine after the rain is over
I cant explain it, out of control
Cause Im not with you tonight
Ill love you forever
Oh oh oh (ooh ooh) oh haNo matter what you do
(Dont hesitate) dont hesitate
I know theres a chance
So lets keep holding on

I need you close to me
