

Simply Amazing

Trey Songz

[Intro]

I, I cant really explain what it is she does
But ah, yeah, whatever it is, whatever it is

Its simply amazing
Her head is on my chest,
The sun comes rolling in
Were lost in these covers
And all I feel is skin
I slowly kiss your face
Beautiful in every way
You are, you are

[Bridge]

See Im a man, that dont believe in much
But Ill be damned if I dont believe in us
And how we play a fight up in the bathroom
Next thing you know Im making love to you
Girl, promise me youll never change

[Chorus]

She aint perfect, but shes worth it
Every breath I breathe for the life of me
And I know I might not deserve it
But she loves me, and its simply amazing, you are
Simply amazing, you are, simply amazing, you are
And she loves me, and its simply amazing
Amazing, amazing

The girls a work of art and I cant help but stare
With a smile like the sunset and the ocean is her hair, uh
What she do aint fair, uh
And she know me better, than I know myself, mhm

[Bridge]

See Im a man, that dont believe in much
But Ill be damned if I dont believe in us
Like when I said i love you for the first time
and the tears dropped from your eyes
Girl, don't you ever change, no[Chorus]
She aint perfect, but shes worth it
Every breath I breathe for the life of me
And I know I might not deserve it
But she loves me, and its simply amazing, you are

Simply amazing, you are, simply amazing, you are
And she loves me,
There is nothing, in this world
That can keep me away from you
And aint nobody
Who could ever compare to you, nooo
[Chorus]
She aint perfect, but shes worth it
Every breath I breathe for the life of me
And I know I might not deserve it
But she loves me, and its simply amazing, you are
Simply amazing, you are, simply amazing, you are
And she loves me. and its simply amazing.
