

Mean Dirty Joe

Kingdom Come

Mean dirty Joe
Where did you go
Stole your best friends
Love awayLeft without a sound
Look at you are face
Cold hard disgrace
Guilty of a broken trustOh, took his heart and
Threw it down
Mean dirty Joe
Carry that loadMaybe you regret it now
Maybe you just don't
Now you're alone
Run down the roadShouldn't have done that
Dirty deed
Oh, now you best keep
Movin' onWhere did you go
Where did you go
Go
You're really all aloneAll alone
Now you cannot go home
