Discipline

Throwdown

I found a better way
to deny the lies I've been taught
I found a better way
And it can't be bought, noDiscipline
(you can't stop this)Discipline
(you'll never stop this) DisciplineI found a better way to face a life of pain
I found a better way and it's stronger than hate
I found a better way that redefines conviction
I found a better way
And it can't never be stopped, son(you can't stop this)Discipline
(you'll never stop this)Discipline
(to destroy all) DisciplineI built this will from steel for beyond the grave
And this heals what time can't heal
So hear these words I say...
This can't be stopped
this can never be stoppedDiscipline
(I found a better way)
