

Discipline

Throwdown

I found a better way
to deny the lies I've been taught
I found a better way
And it can't be bought, no Discipline
(you can't stop this) Discipline
(you'll never stop this) Discipline I found a better way to face a life of pain
I found a better way and it's stronger than hate
I found a better way that redefines conviction
I found a better way
And it can't never be stopped, son (you can't stop this) Discipline
(you'll never stop this) Discipline
(to destroy all) Discipline I built this will from steel for beyond the grave
And this heals what time can't heal
So hear these words I say...
This can't be stopped
this can never be stopped Discipline
(I found a better way)
