Snowballed

ACÏŸDC

Crashed out on the market, out (blood?) on the floor
Busted man on show (?)
Bundled out of the city, out of the door
Thrown up against the wall
Put out of the picture, axe about to fall
Walk before you throw (cry?)
Sinking to the bottom, screaming for air
The shark must get his share
You can see it coming, miles and miles away
Women, drink and money are going to make you paySnowballed, oh yeah
Snowballed, they've done it again
Snowballed, makin' me pay
SnowballedHowl of the wolf, snear (snow? ?) in his eyes
Waiting to take you by surprise
Eye of the needle, head of the pin
Watch those teeth 'cause they're ready to bite
You can see it coming, miles and miles away
Women, drink and money are going to make you paySnowballed, yes you have
Snowballed, I've been fooled again
Snowballed, that's all
SnowballedOut of my mind
One more time
