

# Die Trying (feat. Shaun Morgan)

## Art of Dying

I think it's time for me to go now  
I've done more harm than good  
If I could change how this turned out, yeah  
You know that I would  
Sometimes the weight is more than I can hold  
But I rather fail than not know If it takes forever  
I will die trying  
If it takes forever  
I will die trying  
I will die trying I wish I knew then what I know now  
But I'd probably do the same  
I get the feeling that it's planned out  
From the cradle to the grave  
Sometimes the weight is more than I can hold  
But I rather fail than never really know If it takes forever  
I will die trying  
If it takes forever  
I will die trying  
I will die trying And I am digging a hole  
I am taking it all  
I am digging a hole  
To bury my soul  
I am digging If it takes forever  
I will die trying If it takes forever  
I will die trying  
If it takes forever  
I will die trying If it takes forever  
I will die trying  
If it takes forever  
I will die trying If it takes forever (forever)  
I will die trying  
If it takes forever (forever)  
I will die trying  
I will die trying  
I will die trying
