

Come Ye

[Nina Simone](#)

Come ye ye who would have peace
Hear me what I say now
I say come ye he ye who would have peace
It's time to learn how to pray Say come ye he ye who have no fear
Of what tomorrow brings child
Start praying for a better world
Or peace and all good things Say come ye he ye who still have hope
That we can still survive now
Let's work together as we should
And fight to stay alive Say come ye he ye who would have love
It's time to take a stand
Don't mind abuse, it must be paid
For the love of your fellow man
