

Above

Finger Eleven

Inside I'm gone, you knew that all, all along
Without the distance you never get away
Plastic bag image, it's over now, it's over now
The color fading is all the way to gray We are strong but we're dumb
We look above, we look above
We are strong but we're dumb
We look above, we look above Trusting, the instinct, it's not about what you think
The one reaction is only to obey
And now I'm staring, all around, I'm not far down
Judge the distance from the ground and pray We are strong but we're dumb
We look above, we look above
We are strong but we're dumb
We look above, we look above We are strong but we're dumb
We look above, we look above
We are strong but we're dumb
We look above, we look above We are strong but we're dumb
We look above, we look above
We are strong but we're dumb
We look above, we look above We look above, yeah yeah yeah
We look above, we look above, yeah yeah yeah
