unexpected

Conisch

Did you really think you could call the shots?
I wouldn't figure it out or connect the dots
In so many lies, what's the meaning?
Did you really think you could cause me pain?
Stepped on the track right in front of the train
Now it's only shame that you're feeling
So unexpected, the tables have turned
I'm laughing now because the joke is on you
And it's so unexpected that you're getting burned
Now I can smile 'cause all my pain is removed
So unexpected, unexpected
I was always a few steps ahead
Now I'm moving on 'cause you've made your bed
And you're surprised that I'm leaving
Now you're barely here, hanging on the thread
Wishing I was near but I'm gone instead
Now you're paying the price for your deceiving
And I bet you didn't see it coming
So unexpected, the tables have turned
I'm laughing now because the joke is on you

And it's so unexpected that you're getting burned
Now I can smile 'cause all my pain is removed
So unexpected, unexpected
Now the joke is on you
See it makes you laugh, now it makes you cry
And now you know just what I went through
There's a different path, have to say goodbye
Isn't life so complicated?
Look at all the love you wasted
Boy, you know you played me like a fool, yes, you did
And now it's coming back on you
So unexpected, the tables have turned
I'm laughing now because the joke is on you
And it's so unexpected that you're getting burned
Now I can smile 'cause all my pain is removed
So unexpected, so unexpected
I know it don't feel good
But you should've known

It would come back on you
Now you know how it feels
