Worth It

Dreezy

[Verse 1]
Look what you did to me
You got me going now up my
Never had real love before
I still just can't believe mine
It's everyone I met, was one smart obsession
Ended up as a regret
Only right I confessed
Side of my mess
I want somebody that I can get my best
Don't turn your back like the rest[Hook]
I'm not perfect
I have flaws
But I'm so worth it
And my heart broke once now I feel lost
Not on purpose
I don't have it all
But I'm so worth it
I'm so worth it[Verse 2]
Insecure, is it intuition?
Never knew someone like you existed
You might be the pieces that I'm missing
[?]
Know I ain't the richest, but I pay attention
You could be my partner, like we on a mission
[?], down to pull the trigger
Bet I love you more than them other bitches
Used to [?], judging in the mirror
Wish my hair was longer, wish that I was thicker
Gotta have a frame, so you love the figure
When I'm finished, hope you see the bigger picture
Imma be the realest with ya, I can be myself when I'm with ya
Got my guards but you beat the system
Made it to my heart, you got the key to steal it[Hook]
I'm not perfect
I have flaws
But I'm so worth it
And my heart broke once now I feel lost
Not on purpose

I don't have it all
But I'm so worth it
I'm so worth it
