Placement

Letdown

So comfort me, In the darkness of this cold & shallow grave
With everything that still keeps me awake, it seems
that everything I touch all seems to change, You'll see
That all my friends will never be the same.

You know it's hard for me to prove
But I'll still beg you for forgiveness like I always do
Wide Awake, Same Mistakes, I make them everyday
If I'm not worth your time, then what's your time worth anyway?

So Bury Me, With all the things still in-between
the things I say & what I mean.
So whats it take for you to just believe?,
There's a place where I'm really gonna make this
Might be far, but I feel like I can taste it.

If I could go back,
I don't know if I'd Change a fucking thing.

You know it's hard for me to prove
But I'll still beg you for forgiveness like I always do,
Wide Awake, Same Mistake, I make them every day,
If I'm not worth your time, then Whats your time worth anyway?
