

From the Heart

Another Level

I know you've heard these words a hundred
Other times before
And you've been hurt and so your heart
Has chose to close the door
Love broke your heart and brought you lies
Look in my eyes
You'll see a love that's deep and true
Tender and strong and all for you
You can trust this love
Honest, that's the honest truthFrom the heart
I'm giving you everything, everything
From the heart
I promises you that I'll be there
I'll be there to love you
From the soul
I'm showing you all I feel all I feel is
From the heart
From the heartI will protect you and respect you
And be all you need
And when you reach for love
You'll only need to reach for me
These arms will never let you down
They're staying around
I'll walk with you through every storm
I'll keep you safe I'll keep you warm
And you'll have no doubt
You're the one I'm living forFrom the heart
I'm giving you everything, everything
From the heart
I promises you that I'll be there
I'll be there to love you
From the soul
I'm showing you all I feel all I feel is
From the heart
From the heartI will buy the love you need
Just trust my touch, believe in me
I'll never make you cry, givin' all I got with
All I got insideFrom the heart
I'm giving you everything, everything

From the heart
I promises you that I'll be there
I'll be there to love you
From the soul
I'm showing you all I feel all I feel is
From the heart
From the heartHmm? from the heart, from the heart
