

# Two Sides

Danity Kane

Baby I know you wanna see the lights  
But this ain't Vegas  
It only takes a little lie and it's contagious  
But boy you know that all the loves turns into hatred  
Pulling us all apart, oh Come on, come on, come on  
What are we doing  
We came too far along to let it go up in flames I heard it all before  
And there are some things you can't ignore  
You really wanna know, just look behind the scenes Headlines  
They don't make you who you are  
Cause there are two sides  
And it's half of what you've noticed, it's more to my life  
All the pictures that you're holding  
They won't tell you the full story at all  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah Crazy, all this time you stayed around  
You've been so patient  
Had a little episode but we still made it  
This ain't for everybody, I'm just sayin'  
I didn't do it all for nothing Come on, come on, come on  
What are we doing  
We came too far along to let it go up in flames I heard it all before  
And there are some things you can't ignore  
You really wanna know, just look behind the scenes Headlines  
They don't make you who you are  
Cause there are two sides  
And it's half of what you've noticed, it's more to my life  
All the pictures that you're holding  
They won't tell you the full story at all  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah

There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woahLook down  
Look down  
Look down  
And you always  
Put down  
Put down  
Put downLook down  
Look down  
Look down  
And you always  
Put down  
Put down  
Put downI just wanna show youHeadlines  
They don't make you who you are  
Cause there are two sides  
And it's half of what you've noticed, it's more to my life  
All the pictures that you're holding  
They won't tell you the full story at all  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah  
There are two sides baby  
Oooh, woah
