

# Ever Since the World Began

Tommy Shaw

I'll never know what got me here  
As if somebody led my hand  
It seems I hardly had to steer  
My course was planned And destiny, it guides us all  
By its every rise and fall  
But only for a moment  
Time enough to catch our breath again And we're just another piece of the puzzle  
Just another part of the plan  
How one life touches the other  
It's so hard to understand So we'll walk this road together  
Try to go as far as we can  
And we've been waiting for this moment in time  
Ever since the world began Taking in the times gone by  
We wonder how it all began  
We'll never know and still we try to understand And even though the seasons change  
The reasons shall remain the same  
It's love that keeps us holding on  
Till we can see the sun again And we're just another piece of the puzzle  
Just another part of the plan  
How one life touches the other  
It's so hard to understand So we'll walk this road together  
Try to go as far as we can  
And we've been waiting for this moment in time  
Ever since the world began So I'll stand alone, the man of stone  
Against the driving rain  
And the night has got your number  
And the wind, it cries your name So we'll search for clues, win or lose  
In this we're all the same  
Where hope still burns eternal  
We're the keepers of the flame And we're just another piece of the puzzle  
Just another part of the plan  
How one life touches the other  
It's so hard to understand So we'll walk this road together  
Try to go as far as we can  
And we've been waiting for this moment in time  
Ever since the world began Oh yeah
