Quicksand

Devour The Day

You were gonna be my rock
My solid ground that I'd build a life onYou were gonna lift me up
The bottom dropped up and I can't rely on you anymoreYou feel like quicksand
Giving way under my feet
The harder I try to make things right
The further down I sinkI can't get out
I'm in too deep
The walls are caving in on me
Mercy come set me freeI was gonna be your strength
But I have none left
I fought your demons
We were gonna clean the slate
Forgive and forget
But I can't believe in you anymoreYou feel like quicksand
Giving way under my feet
The harder I try to make things right
The further down I sinkI can't get out
I'm in too deep
The walls are caving in on me
Mercy come set me freeYou feel like quicksand
Giving way under my feet
The harder I try to make things right
The further down I sink
I can't get out
I'm in too deep
The walls are caving in on me
Mercy come set me free
