

She's Expensive

The Virgins

don't let a good night's fun
come to an early end
let's have a court cave brunch,
i really shouldn't stay
and she kicks her heels off
it takes a lot to change her mind
i cant stop myself from chasing she's expensive, she's expensive.
i cant stop myself from chasing. she's going out again
she's fascinating man
her eyes are pale and grey
she pushes him away
i cant stay here no more it takes a lot to change her mind
she's expensive, she's expensive.
she's expensive, she's expensive.
i cant stop myself from chasing. what makes the girls on the street sing?
oh, for what its worth to see you moan x2 what makes the girls on the street sing?
oh, for what its worth to see you moan x2 she's expensive, she's expensive.
i cant stop myself from chasing. x3
