Pitchin' Fits

Drayton Farley

Tell me can you save me
I think I've fallen sick
I've grown to be so angry
and I just can't call it quits.
Tell me I'm not crazy
And we all feel like this
I've been so down here lately
Tell me I'm just pitchin' fits

[Chorus]
Cause it's a long and hurtful phase
And I don't know if I belong here at all.
But When I'm here with you
I don't mind at all
I don't mind at all

So tell me I'm still breathing
I'm gonna be ok.
Tell me you're still here
And you won't ever go away.
Tell me I'm not dying,
I just need to get some rest
And tell me all this trying
will pay of in the end.

[Chorus]
Cause it's a long and hurtful phase
And I don't know if I belong here at all.
But When I'm here with you
I don't mind at all
I don't mind at all

Tell me all these things
That I cannot tell myself
Tell me you don't think
that I need to get some help
tell me that you love me
just tell me one more time
Tell me that I'm dreaming

Just open up my eyes

[chorus]
Cause it's a long and hurtful phase
And I don't know if I belong here at all.
But When I'm here with you
I don't mind at all
I don't mind at all

Oh when I'm here with you
I don't mind at all
I don't mind at all
