

Green Light

Shawn Desman

Girl, when you're with him, I see you lookin' back
The smile, smile that means something more and, why
Why do I feel so connected babe?
When you said you were his for sure You're tellin' me this, then you're tellin' me that
Callin' me up, baby where you at?
Teasin' me like you want something more
So baby, I just got to know Are you giving me the green light?
Is there something he doesn't do?
You know it's wrong but it feels right,
Cause there's something bout me and you
Ever wonder what it'd be like
With someone to set you free
So are you giving me the green light?
Are you giving me the green light? I'm, I'm not the one tryna take your heart away
If you, you are still so in love then I'll stop
Show me the red, baby I'll fade away and go
Cause I just can't take no more You're tellin' me this, then you're tellin' me that
Callin' me up, baby where you at?
Teasin' me like you want something more
So baby, I just got to know Are you giving me the green light?
Is there something he doesn't do?
You know it's wrong but it feels right,
Cause there's something bout me and you
Ever wonder what it'd be like
With someone to set you free
So are you giving me the green light?
Are you giving me the green light? And girl, girl you got me (?) on for you
Now it doesn't matter what I do
Baby you're all in my mind
And I got to know for sure
If you're giving me the... Are you giving me the green light?
Is there something he doesn't do?
You know it's wrong but it feels right,
Cause there's something bout me and you
Ever wonder what it'd be like
With someone to set you free
So are you giving me the green light?
Are you giving me the green light? Are you giving me the green light?
Is there something he doesn't do?

You know it's wrong but it feels right,
Cause there's something bout me and you
Ever wonder what it'd be like
With someone to set you free
So are you giving me the green light?
Are you giving me the green light?
