Bloodlines

Kashka

I track my history
Bloody burned family tree
Native blood runs in me
Murderous tendencies
Keep blood lust away
Keep violence at bay
Can't deny genetics
Animal DNA
Disappear into the fog
Gonna multiply the tainted blood
Can't remember where you go at night
You got the bloody teeth and wolven sight
Ancestor genocide
We were killed to save lives
Just one beast did survive
Now I live to take life
Keep yourself from me
Can't help what I be
I am man and beast
Your flesh I will eat
Fall right into homicide
Become the beast the lives inside
Sink your fangs into the skin

Drink the blood so you may live
Kill until you find the one
That will carry tainted sons
Deth brings life into dark
Infest the world and make your mark
Tonight
Go perpetuate
Go procreate
Insure homicide
Keep bloodlines alive
Our children will regress
And hunger for the flesh
They can't be controlled
They hunger for your soul
Tonight

(Close your eyes and become the animals that you once were)
Bloodlines
I'll take your life
I'll give you life
Bloodlines
Life
I'll take your life
I'll give you life
I'll take your life
