

Soul Music

Everlast

You came into my life
I don't have to wonder no more, I can feel it all in my soul
(It's soul music)
It's deep down in my soul Feel the burn
I can see I got a good foundation deep down in my soul
(It's deep down in my soul)
(It's soul music)
I feel the need for contemplation deep down in my soul
(It's deep down in my soul) Yo, I first took breath in Hemstead, long Island
Born in American ancestry from Island
You ain't knowin' me, you'd better stop smilin'
Ain't nothin' funny once my dummies start whilin'
You talkin' loud now all of a sudden it's silent
Your premonitions say, "It's about to get violent"
You want permission just to blink your own eyelids
I got my soldiers, everywhere they go, I win No stick moves, ain't no cap peelin'
Where I come from real men don't catch feelings
We don't rhyme about fake jacks or drug dealin'
The shit I drop will leave all your brains on the ceilin'
Mass appealin', done it since the 80's
Rock rhymes for my dogs, sing songs for my ladies
Spend money like crazy, ain't got no babies
If I don't make it in Heaven, I'll run shit in hades Now I can see I got a good foundation deep down in my soul
(It's deep down in my soul)
(It's soul music)
I feel the need for contemplation deep down in my soul
(It's in my soul)
(Soul music)
And I can feel a dark sensation deep down in my soul
(It's deep down in my soul)
(Soul music)
Tryin' to find an explanation deep down in my soul
(It's deep down in my soul) Yo I shit on competition
Spit on percussion
Beats are bone crushin'
One deep I'm bum-rushin'
Guns they get stuck in, someone starts buckin'
The jewels that I'm truckin' got pimps upchuckin'
You can't hold me down

You can't hold my hand
A full grown man with the one God plan
I represent the colors that never run
God bless D.M.C., God bless Reverend Run
R.I.P. for the J.M.J.
Tell Big and Scott LaRock that we all say hey
Be like "Tupac" or be like "Kid 'n Play"
Do you wanna burn out or just fade away
I can rock the mic with no delay
With my head to the ground every time I pray
You can catch a heart attack or get blown away
'Cause this type of shit happens everyday
Feel the burn
(I can feel it all in my soul)
It's soul music
(It's deep down in my soul)
Feel the burn
(It's in my soul)
It's soul music
(It's deep down in my soul)
Feel the burn
Now I can see I got a good foundation deep down in my soul
(It's deep down in my soul)
(It's soul music)
I feel the need for contemplation deep down in my soul
(It's in my soul)
(Soul music)
And I can feel a dark sensation deep down in my soul
(It's deep down in my soul)
(Soul music)
Tryin' to find an explanation deep down in my soul
(It's deep down in my soul)
(Feel the burn)
