[Santana](#)

All my friends know the Low Rider
The Low Rider is a little higher
Low Rider drives a little slower
Low Rider is a real go'erHey, Low Rider knows every street, yeah
Low Rider is the one to meet, yeah
Low Rider don't use no gas now
Low Rider don't drive too fastTake a little trip
Take a little trip
Take a little trip and seeTake a little trip
Take a little trip
Take a little trip with me
