

She's Not You

[Raheem DeV Vaughn](#)

Not in this lifetime or even, even in the next
I could go a million places, meet a million girls
But none, none would compare to you
(None)
For example It was pure coincidence, I met her on the block
When she was from the land of Venus
Her voice was like the perfect song
Brown eyes, hair long, chemistry was good between us Met another on a charter plane
On my way back from Spain, her name was Maria
(Maria)
But I don't really need her
(I don't need her)
'Cause the fact of the matter is Even if I took her number to call her
(She's not you)
If we laid down, there'd be no love involved
(She won't do) Ooo, she can't do me like you can 'cause, no
(She's not you)
See my mind is made up, I don't wanna wake up
I don't wake up and roll over if
(She's not you, no) Lips full, hips wide, dancer at fifty five
Make you wish, you was her pole
Drinks done, last call
(Where)
Gotta go, we can never be involved Had a video shoot, real petite, pretty cute
Met a girl by the name of Suzanne
(Suzanne)
Just like Maria
(Maria) I don't need her
(I don't need her)
'Cause the fact of the matter is Even if I took the seven digits tryna be slick
(She's not you)
If I cross the line, laid with her one time, ooo
(She won't do) She won't do, do, do, do, do, do, like you do, no, no
(She's no you)
Plus my mind is made up, I don't wanna wake up
Don't wanna wake up and roll over if
(She's not you no) You, she don't compare to you, baby
Mm, mmm, mmm, mm
She, she don't cook like you, baby

Mm, mmm, mmm, mm
And if she did, probably wouldn't be good as your's Forever and ever and ever
Forever and ever and ever
So you belong to me Even if I took her number, hey, hey, yea
(She's not you)
And I called her one time
Trying to be slick one time and lay with her
(She won't do) She won't do, do me like you do, no, no
(She's not you)
Plus my mind is made up, I don't wanna wake up
Don't wanna roll over and over if she's not you I don't want no breakfast from her in the morning
(She's not you)
365 days of the year, all I want is you
(She won't do)
Even if I tried to be slick, cross the line, lay with her one time
(She's not you) See, my mind is made up
I don't wanna wake up
I don't wanna wake up to no one, no, no
(She's not you)
She's not you
