Erasure

Like a vision flying round this room
I did feel sure as my time too
I've been inside your mind in outer space
I feel the city crying, beg for more
Threw a key chain across your floor
A soul destroying motion holds your face
Can you feel it?
Do you want it?
Do you get it?
It's your last chance
It's the last dance
Searching for a better love
Never mind the weather love
C'mon taste a little of my love boy
C'mon baby take my love
Take my love
A little party let's go deep
Set your dream free fall at my feet
I'm falling for you baby like a charm
I never knew that life could be so sweet
So unusual so complete
I'm falling like a baby in your arms
Can you feel it?

Do you want it?
Do you get it?
It's your last chance
It's the last dance
Searching for a better love
Never mind the weather love
C'mon taste a little of my love boy
C'mon baby take my love
Taste my love
Feel it?
Want it?
Get it?
It's your last chance
It's the last dance
Searching for a better love

Never mind the weather love
C'mon taste a little of my love boy
C'mon baby taste my love
Searching for a better love
Never mind the weather love
C'mon taste a little love my love boy
C'mon baby taste my love
