

# Who's That Boy (ft. Dev)

## Demi Lovato

I wanna get you by yourself  
Yeah, have you to myself  
I don't need nobody else  
Don't want nobody else  
He's special, I know  
His smile, it glows  
He's perfect, it shows, let's go I've been starin' at ya  
And I could do it all night  
You're looking like an angel  
With that kinda body needs a spotlight Ain't no body know your name  
But looking like you do could be famous  
I could see us makin' waves  
From the back of the club  
To a bed in the shade Now I don't know who you are  
But you look like a star  
And everybody here be thinkin'  
Who's that boy?  
Wanna take you home  
And get you all alone  
And everybody here is thinkin'  
Who's that boy? Oh he got me  
No, I've never seen,  
No one like him  
Damn he's everything  
Girls they want him  
Guys they want to be  
Who's that boy, who's that boy You could say that I'm distracted  
But ah you got me so attracted  
But boy I'll tell you what the fact is  
Is no one else in this room  
That could rock it like you, you do Ain't no body know your name  
But looking like you do could be famous  
I could see us makin' waves  
From the back of the club  
To a bed in the shade Now I don't know who you are  
But you look like a star  
And everybody here be thinkin'  
Who's that boy?  
Wanna take you home

And get you all alone  
And everybody here is thinkin'  
Who's that boy? Oh he got me  
No, I've never seen,  
No one like him  
Damn he's everything  
Girls they want him  
Guys they want to be  
Who's that boy, who's that boy Everybody in the club turn around sayin'  
Who's that, who's that  
Beautiful boy with them big brown eyes, tell me  
Who's that, who's that I got my eyes on this boy  
Can't get him off my mind  
He's one of a kind  
The cherry to my pie  
I just wanna get him close Wanna make him mine  
Come hold my hand and dance away the night  
Give me the green light, kiss my lips  
Who's that boy watching my hips?  
I- I- I wanna know who you are  
My name is Dev and you can be my star Now I don't know who you are  
But you look like a star  
And everybody here be thinkin'  
Who's that boy?  
Wanna take you home  
And get you all alone  
And everybody here is thinkin'  
Who's that boy? Oh he got me  
No, I've never seen,  
No one like him  
Damn he's everything  
Girls they want him  
Guys they want to be  
Who's that boy, who's that boy
