I Really Donâ€™t Want to Know

Ronnie Dove

Kiss away, kiss away
Guess that's all that's left to say
Please come back and kiss these tears awaySmile again, let me smile again
Make my life worthwhile again
Please come back and kiss my tears awayOnly you can change these sad and blue days
Only you can make them I love you daysKiss away, kiss away
Still there's nothin left to say
Please come back and kiss these tears away.Only you can change these sad and blue days
Only you can make them I love you daysOh, kiss away, kiss away
Though there's nothin left to say
Please come back and kiss these tears away.
